Suggested Computer Science Course Rotation

Course #	Course Name	Rotation
CS 210	Operating Systems	Every Spring Semester
CS 230	Databases	Every Fall Semester
CS 240	Data Comm. & Networking	Every Fall Semester
CS 250	Data Structures & Algorithms	Every Spring Semester
CS 309	Software Engineering	Every Spring Semester
CS 310	Computer Architecture	Fall Semester of Odd-Numbered Years
CS 311	Object-Oriented Programming	Every Fall Semester
CS 336	Scripting Languages	Every Spring Semester
CS 365	GUI Programming	Spring Semester of Even-numbered Years
CS 405	Algorithms	Every Fall Semester
CS 408	Senior Seminar	Every Fall Semester
CS 410	Systems Administration	Every Spring Semester
CS 415	Theory of Computing	Spring Semester of Odd-numbered Years
CS 425	Compiler Design	Fall Semester of Even-numbered Years
CS 445	Embedded Systems	Spring Semester of Even-numbered Years
